

Treat your car feel the benefits

Thousands of diesel drivers are benefiting from using COUNTDown, the complete diesel fuel treatment. Order yours today and you could save £10 or even receive a free year's worth of treatment

Since its launch in Motoring & Leisure magazine, COUNTDown has become an established favourite with readers. A number of delighted users have written in confirming the benefits and cost savings of using COUNTDown. Here are a few of their comments:

- Mr Smart of Poole called to re-order in May and said he travels 36,000 miles a year and thinks it's wonderful.
- Mr and Mrs Reynolds of Ceredigion say that since using the treatment they have seen a tremendous improvement in their Toyota Corolla's mpg figure.
- Russell Jones of Aberystwyth, who has been monitoring COUNTDown's performance (improved mpg and lower emissions) for some time in his Volvo V70 said, 'needless to say I will continue to buy COUNTDown!'

Its treatment ratio of 1000:1 makes COUNTDown truly cost effective and prices have been held for another year (see advert). For more information, visit www.highspeed.co.uk
